Menasha Joint School District, Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity

Menasha Joint School District Bylaws & Policies

2260 - NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY

The Board of Education is committed to providing an equal educational opportunity for all students in the District.

The Board does not discriminate on the basis of race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex, (including transgender status, change of sex or gender identity), or physical, mental, emotional, or learning disability ("Protected Classes") in any of its student program and activities.

Nondiscrimination Guidelines Related to Students Who Are Transgender and Students Nonconforming to Gender Role Stereotypes

The following guidelines relate to students who are transgender and students who do not conform to gender role stereotypes. This guideline serves two important purposes. First, significant portions of the guidelines facilitate compliance with the District's legal obligations. Under many circumstances, an individual's transgender or gender nonconforming status serves as a basis for legal rights and protections. Second, even where specific actions may not be required by applicable law, these guidelines are intended to further the District's local goals concerning the creation and maintenance of positive and supportive environments that appropriately provide for the education, safety, and welfare of all students.

While the guidelines established in this rule provide important direction to District employees, students, school families, and other persons, the guidelines do not anticipate every situation that might occur with respect to students who are transgender or gender nonconforming. When an issue or concern arises that is not adequately addressed by these guidelines, the needs and concerns of each student will be assessed on an individualized basis with consultation with parents/guardians where appropriate.

Definitions

The definitions below are not intended to label students but rather to assist in understanding these guidelines and the expectations of staff in complying with District policies and legal requirements. Students might or might not use these terms to describe themselves.

- A. "Transgender" describes people whose gender identity is different than their biological sex assigned at birth.
- B. "Gender identity" is a person's deeply held sense or psychological knowledge of their own gender, regardless of the biological sex they were assigned at birth. Everyone has a gender identity.
- C. "Gender nonconforming" describes people whose gender expression differs from stereotypical or prevailing social expectations, such as "feminine" boys or "masculine" girls, or those who are perceived as androgynous.
- D. "Gender expression" refers to the way a person expresses gender, such as clothing, hairstyles, activities or mannerisms.

Discrimination, Harassment and Bullying

The District prohibits all forms of discrimination against any transgender student or any student who does not conform to gender role stereotypes. Further, existing District policies that prohibit the harassment and bullying of students apply to any such actions that are based on a student's actual or perceived transgender status or gender nonconformity. This includes ensuring that any incident or complaint of discrimination, harassment, or bullying is given prompt attention, including taking appropriate corrective and/or disciplinary action. Complaints alleging discrimination, harassment or bullying based on a person's actual or perceived transgender status or gender nonconformity are to be handled in the same manner as other discrimination, harassment, and bullying complaints.

Student Privacy, Names and Pronouns, and Official School Records

Certain records and personally-identifiable information related to the student's gender status or biological sex may be protected not only as an education record, but also as a confidential medical or patient health care record. The District further recognizes that a student may have a strong individual interest in maintaining the privacy of his/her transgender status or his/her gender nonconforming presentation at school. Accordingly, in addition to adhering to all legal standards of confidentiality, school personnel with knowledge of any student's transgender status or gender nonconforming presentation are expected to treat that information as being particularly sensitive, even internally among school staff and school officials. District employees are expected to refer any questions they may have about student privacy and possible disclosures of a student's transgender or gender nonconforming status to the Director of Student Services or designee. The District strongly encourages transgender and gender nonconforming students and their families to maintain ongoing communication with the school employees who are working directly with the student in order to address, among other issues, relevant privacy concerns and privacy preferences.

When referring to students at school and in connection with school activities, school personnel will normally use the student's legal name and the pronouns that correspond to the student's biological sex assigned at birth. However, an adult student or the parent/guardian of a minor student may determine the name and gender pronouns that school employees will use to address the student at school and in connection with school-related activities. A court-ordered name change or medical treatment or medical procedure is not required to initiate such a request. Upon being informed that a student intends to regularly use a particular name and/or prefers to be addressed using particular pronouns that correspond to the student's gender identity, school personnel are expected to respect that decision.

The District's approach of respecting a student's decision to regularly use a name and the pronouns that correspond to the student's gender identity is not a commitment to change all existing school records in order to reflect those preferences. Further, there may be situations where the District is required to use or report the legal name or biological sex of the student as that data is reflected in the District's official records. The extent to which official records of the District are modified will depend on a case-by-case evaluation of the information that the District receives and the type(s) of school records affected by the information that is received. For example, when a student changes his/her legal name and that change is sufficiently substantiated, the District will issue a high school transcript under the student's new legal name.

Restroom and Locker Room Accessibility

Generally a student who is transgender and has held the belief deeply, followed the belief consistently over a period of time, is supported by the student's parent or guardian, and for which the student has sought guidance or counseling in coming to the decision, will be permitted to access the segregated restrooms that correspond to the gender identity that the student consistently asserts at school and elsewhere. Any student who does not wish to use the segregated restrooms may be given access to unisex restrooms if such a facility is reasonably available. No student shall be required to use a unisex restroom solely because of the student's transgender or gender nonconforming status.

If a transgender student makes any request regarding the use of segregated restrooms, the use of segregated locker rooms, or any similar type of changing area, the request shall be assessed on a case-by-case basis, taking into account all relevant interests of the student, the School District, and other students affected by the request. The School District will consider, in addition to all other relevant factors, such things as the ability of the transgender student to access the District's physical education curriculum and extra-curricular programs and the need to respect the privacy and safety of all students. The District will consider the physical layout of the facility, the availability of single access showers and changing areas, and the degree of undress required when changing for the applicable activity. There is no absolute rule that, in all cases, will require a transgender student to access and use only the restrooms, locker rooms, and other changing areas that correspond to the biological sex that the student was assigned at birth.

Any student who has a need or desire for increased privacy, regardless of the underlying reason, may be provided (to the extent reasonably available) with a reasonable alternative changing area (for example, a nearby restroom stall with a door, an area separated by a curtain, a physical education teacher's office in the locker room, or a nearby unisex restroom) or provided with an alternative changing schedule. Any alternative arrangement should be provided in a way that gives adequate consideration to relevant privacy concerns.

These guidelines related to restrooms and changing areas generally assume that a student has a special concern or is in some way uncomfortable with consistently using the facilities that correspond to the biological sex that the student was assigned at birth. However, all students have the option of consistently accessing the facilities that correspond to the biological sex that the student was assigned at birth.

Participation in Physical Education Classes and Sports Activities

A student who is transgender shall be permitted to participate in physical education classes and intramural sports in a manner consistent with the gender identity that the student regularly asserts at school and in other social environments.

Students who are transgender shall be permitted to participate in interscholastic athletics in a manner consistent with the requirements and policies of the Wisconsin Interscholastic Athletics Association (WIAA).

Dress Codes

Within the constraints of the District's dress code policy and dress codes adopted by the school, students may dress in accordance with their gender identity. School personnel shall not enforce a dress code more strictly against transgender and gender nonconforming students than other students.

The Board is also committed to equal employment opportunity in its employment policies and practices as they relate to students. The Board's policies pertaining to employment practices can be found in Policy [1422](#), Policy [3122](#), and Policy [4122](#) – Nondiscrimination and Equal Employment Opportunity.

The District Administrator shall attempt annually to identify children with disabilities, ages 3 - 21, who reside in the District but do not receive public education. In addition, s/he shall establish procedures to identify students who are Limited English Proficient, including immigrant children and youth, to assess their ability to participate in District programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation, and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the District will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (see AG 2260F).

Reporting Procedures

Students, parents and all other members of the School District community are encouraged to promptly report suspected violations of this policy to a teacher or administrator. Any teacher or administrator who receives such a complaint shall file it with the District's Compliance Officer at his/her first opportunity.

Students who believe they have been denied equal access to District educational opportunities, in a manner inconsistent with this policy may initiate a complaint and the investigation process that is set forth below. Initiating a complaint will not adversely affect the complaining individual's participation in educational or extra-curricular programs unless the complaining individual makes the complaint maliciously or with knowledge that it is false.
